

NEW!

PERMA-SHIELD® GLIDING PATIO DOORS WITH BUILT-IN BLINDS

The 200 Series Perma-Shield Gliding Patio Door, one of Andersen's most time-tested designs, is now available with the modern convenience of blinds between the glass.

CONVENIENT

- Blinds are located between the panes of insulated glass, protected from dust & damage
- Glass is easy to clean without the need to move the blinds
- Raise, lower or tilt blinds to easily control the amount of light and privacy desired
- Cordless design enhances safety for homes with children and pets

DURABLE

- Virtually maintenance-free
- Perma-Shield exterior and interior never need painting and won't peel, blister, flake or corrode*
- Frame exterior is protected by a tough vinyl cover that resists dents, repels water and provides long-lasting protection
- Laminated veneer lumber panels provide excellent structural stability, longevity and energy-efficiency
- The sill is made of aluminum with a stainless steel capped roller track to resist stain, rust and denting.†

ENERGY EFFICIENT

- Weather-resistant construction for greater comfort and energy efficiency
- Weatherstripping is designed to seal out drafts, wind and water
- Low-E tempered glass to help with heating and cooling costs

BEAUTIFUL

- Slim profiles maximize your view
- Durable, low-maintenance vinyl interior matches the exterior color
- Extensive hardware selection
- Exterior trim options for added style
